

AUTOMATIC DISH WASH DETERGENT

ECODO ADW - K6

Automatic Dish Wash is an ecological, highly concentrated washing-up liquid for professional use. It easily removes all dried-on food residues and grease from all kitchenware, such as pots, pans, plates, cutlery, and kitchen utensils. It can also be used for washing surfaces and appliances in commercial kitchens and the food industry. This product is pH-neutral and produces a long-lasting, stable foam. It dries without streaking and rinses off easily.

INSTRUCTIONS FOR USE

Remove food scraps and then load dishes into dishwasher.

Fill detergent chamber to the mark with liquid as per manufacturer's instructions. Use more liquid for heavy soiling and less for smaller loads.

Can be used with glassware, ceramics & steel utensils.

CONTAINER

25 Ltr
